

Ways to GIVE the “Gift of Health” to VIM Clinic

❖ **Volunteering**

Consider giving of your time and talent. Click here ([volunteer opportunities](#)) for more information.

❖ **Monthly Gifts**

By arranging to make a monthly gift through a credit card or checking account transfer, you provide a consistent source of funds for Volunteers in Medicine Clinic.

❖ **Shopping is donating at AmazonSmile**

If you shop on Amazon, please start at the AmazonSmile page for Volunteers in Medicine Clinic (<http://smile.amazon.com/ch/65-1115793>). AmazonSmile gives a percentage (0.5%) of your purchase price to Volunteers in Medicine Clinic.

❖ **Memorial or Recognition Gifts**

You can make a donation in the name of a friend or family member as a memorial gift or to mark a special occasion. We will send a note card to the recipient(s) to make them aware of your gift.

❖ **Bequests and Planned Giving**

Your lifetime of good work can become a legacy of hope by including Volunteers in Medicine Clinic in your will or estate plan. Other means of planned giving include charitable remainder trusts, charitable gift annuities, or making Volunteers in Medicine Clinic a beneficiary in your life insurance or retirement plan.

❖ **Sponsorships**

Volunteers in Medicine Clinic’s events provide opportunities for individuals, businesses, and organizations to support the agency and receive recognition via signage, press releases, program mentions, etc.

❖ **IRA/Retirement Assets**

Charitable IRA Rollover legislation allows for donors 70½ years or older to make cash gifts totaling up to \$100,000 from a traditional or Roth IRA without incurring income tax on the withdrawal is effective for this tax year. Please contact your financial advisor for further information.

❖ **Gifts of Stocks & Securities**

There are advantages to donating stock directly to Volunteers in Medicine Clinic rather than cashing it out and making a donation. When stock is donated, you can claim the full market value of the stock as of the day it was given as a charitable gift, and you do not have to pay capital gains tax. Appreciated stock held over time could have a significant savings. Please consult your financial advisor when making this consideration.

We are here to assist in any way with making a donation that will be most meaningful to you. Please contact Mary Fields at mfields@vimclinic.net or 772-463-4128 x208.
